# General Information

- All pricing is estimated on the high side 🙌.
- Lodging is NOT reserved yet!
  - Please make your reservations as early as possible!!!
  - Trips need 20 minimum to be valid, 30 maximum.
  - All deposits are refundable until contract signed or if cancelled.
  - If we don't get at least 20, we'll have to cancel trip.
  - Lodging isn't guaranteed until we sign contract.
- Reserving bedding configurations for condo-style is a royal PIA and carries a risk in "most" cases.
  - Second (of 2/2) and third (of 3/3) bedrooms can be a queen bed, pair of single beds, or a bunk bed.
  - Resorts attempt to match our requests but will NOT guarantee our request.
- If we get a high enough couples to singles ratio, we reserve the right to switch lodging (and save money 🤑) to condo-style.
- 2 Singles will always be matched up to share a room (double occupancy) unless someone is willing to pay a single room upcharge.
- Airfare and ground transportation costs are not yet available!

# Basic Lodging Info

    - 2/2 is king/queen downstairs and pair of singles in loft
    - 3/3 is king/queen in downstairs bedrooms and queen in loft
    - Ladies: if you can find a compatible single lady bedmate – this may help?
- Vail – Tivoli
  - Hotel room style (2 per room)
  - We should be able to request king or 2 singles accordingly.
- Park City - Silverado
  - Hotel room style (2 per room)
  - We should be able to request king or 2 singles accordingly.
  - However, Silverado does have condos as well, so we may be able to get some of these according to the sign up?

# Trip Leaders

We are looking for interested Trip Leaders for these and future trips.

- Telluride – Jeff McNiece
- Vail – **Open**
- Park City – **Open**

## Let's be honest – being a Trip Leader is a lot of work!

- Needs to be organized
- Be a good “people person” – you know who you are (or aren't!)
- Needs to be a good communicator
- Helps to know the resort, but not necessary

I will oversee all Trip Leaders and help out in any way I can. Plus, I plan on putting together a Trip Leaders Guide (my newest book 📖) to help new and future Trip Leaders.

Trip Leaders can always use “Assistant Trip Leaders” to help with specific tasks. It's a great lead-in to being a future Trip Leader, but it's also great to just help!

### Main Responsibilities include:

- Communicating w/Travel Agent to finalize plans
- Organizing social events like pre/post-party, group dinner, arrival party...
- Communicating/collecting info with Trippers before/during/after trip
- Addressing unexpected issues
- “Herding cats” as a Super-Power
